(1) The Acceptance Priority Levels operate concurrently but separately for the Pool 1 Notes and the Pool 2 Notes, as more fully described in the Offer to Purchase.											
(2) The Pool 1 Maximum Cap, Pool 2 Maximum Cap and Maximum Tender SubCap are based on an aggregate principal amount of Notes.											
(3) Per \$1,000 principal amount of Notes validly tendered and not validly withdrawn and accepted for purchase in the applicable Offer at or prior to the Early Tender Deadline.											
(4) Includes the Early Tender Premium (as defined below) per \$1,000 principal amount of Notes for each Series of Notes as set forth in the applicable table.											

Subject to the terms and conditions of the Offers, including the Pool 1 Maximum Cap, the Pool 2 Maximum Cap and the applicable proration factors described below, holders or beneficial owners ("Holders") of Notes who validly tendered and did not validly withdraw their Notes at or prior to the Early Tender Deadline are eligible to receive consideration, per \$1,000 principal amount, equal to the applicable Total Consideration for such Series of Notes. The Total Consideration has been determined in the manner described in the Offer to Purchase by reference to the applicable fixed spread for such Series of Notes set forth in the column entitled "Fixed Spread" in the applicable table above, over the applicable yield based on the bid side price of the U.S. Treasury Security set forth for such Series of Notes in the column entitled "Reference Security" in the applicable table above, as calculated by the Dealer Managers (as defined below) at 10:00 A.M., New York City time, on June 2, 2021. The Total Consideration includes an early tender premium equal to \$30.00 per \$1,000 principal amount of such Series of Notes accepted for purchase (the "Early Tender Premium"). Holders must have validly tendered and not validly withdrawn their Notes at or prior to the Early Tender Deadline in order to be eligible to receive the Total Consideration for such Notes purchased pursuant to the Offers. Such Holders will also be entitled to receive accrued and unpaid interest, if any, from the last interest payment date for the applicable Series of Notes up to, but not including, the Early Settlement Date, if and when the applicable Notes are accepted for payment.

Because the aggregate principal amount of Pool 1 Notes and Pool 2 Notes validly tendered and not validly withdrawn at or prior to the Early Tender Deadline exceeded the Pool 1 Maximum Cap and the Pool 2 Maximum Cap, respectively, Cox does not expect to accept for purchase all Notes that have been validly tendered and not validly withdrawn at or prior to the Early Tender Deadline. Rather, in accordance with the Acceptance Priority Levels set forth in the tables above, Cox will accept Notes of certain Series for purchase on a prorated basis, using a proration factor of approximately 65.6% for the 3.150% Notes due 2024 and approximately 66.6% for the 4.700% Notes due 2042. Cox does not expect to accept for purchase any 3.850% Notes due 2025, 7.625% Debentures due 2025, 4.500% Notes due 2043, 4.800% Notes due 2035, 6.950% Medium Term Notes due 2028 or 6.800% Debentures due 2028.

The withdrawal deadline of 5:00 P.M., New York City time, on June 1, 2021 has passed and the Notes tendered pursuant to the Offers may no longer validly be withdrawn, subject to applicable law.

Although the Offers are scheduled to expire at 11:59 P.M., New York City time, on June 15, 2021, because the aggregate principal amount of Pool 1 Notes and Pool 2 Notes validly tendered and not validly withdrawn at or prior to the Early Tender Deadline exceeded the Pool 1 Maximum Cap and the Pool 2 Maximum Cap, respectively, Cox expects that Holders who validly tender and do not validly withdraw Pool 1 Notes or Pool 2 Notes after the Early Tender Deadline will not have any such Notes accepted for purchase in the Offers, and that there will be no Final Settlement Date for the Offers.

Cox's obligation to accept for purchase, and to pay for, notes that are validly tendered and not validly withdrawn pursuant to the Offers is conditioned on the satisfaction or waiver by Cox of a number of conditions. The Financing Condition (as defined in the Offer to Purchase) was satisfied upon the issuance by Cox on June 2, 2021 of \$1,500,000,000 aggregate principal amount of notes in a debt financing. Cox may amend, extend or, subject to certain conditions and applicable law, terminate any or all of the Offers at any time in its sole discretion.
