

Cox Adds Hulu to the Contour Experience

Customers can now easily access content available as part of their Hulu subscription by simply saying “Hulu” into the voice remote

ATLANTA, GA - April 7, 2022 - Cox announced the addition of Hulu to the Contour TV and Contour Stream Player experiences. Select Cox Contour and Contour Stream Player customers can now stream Hulu Originals, exclusive series, current-season episodes, hit movies, and more.

All Hulu customers have access to personalized recommendations every time they watch, up to 6 profiles so everyone can keep track of their shows, and movies, plus “My Stuff” to track their favorites for quick access across their devices.

Contour customers can use their [Contour Voice Remote](#) and say “Hulu” or their chosen title like “Only Murders in the Building” or “The Dropout” to access all that Hulu has to offer quickly and easily.

Contour is Cox’s premier video product. One of the most popular Contour features is the award-winning [voice remote](#), which allows customers to change channels, find shows, get recommendations, and launch apps by simply using voice commands.

Hulu joins the expansive portfolio of streaming apps available on Contour TV and Contour Stream Player experiences including Disney+, Netflix, HBO Max, Peacock, Prime Video and more.
